# TO USE THE APPLICATION

## HOME SCREEN

From this window, you can:

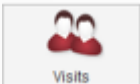

- Log in by clicking on the  button
- Change application language (French or English) using the   buttons
- Access the Vauban Systems website by clicking on the  logo

## MAIN MENU

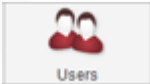

Security level: 1 Administrator | Nominal installation | Visor LIGHT

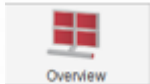

From this menu, you can:

- Access the visits window by clicking on the  button if you have a visitor module enabled

- Access the time slot and access rights window by clicking on the  button
  - In the sub-menu, you can access special days, public holidays and access groups

- Access the user window by clicking on the  button
  - In the sub-menu, you can access the list of usernames, user creation, attendance time and attendance management

- Access the events window by clicking on the  button

- Access the overview window by clicking on the  button

- Access shortcuts by clicking on the  button

- In the sub-menu, you can access shortcut management

- Access the administration window by clicking on the  button

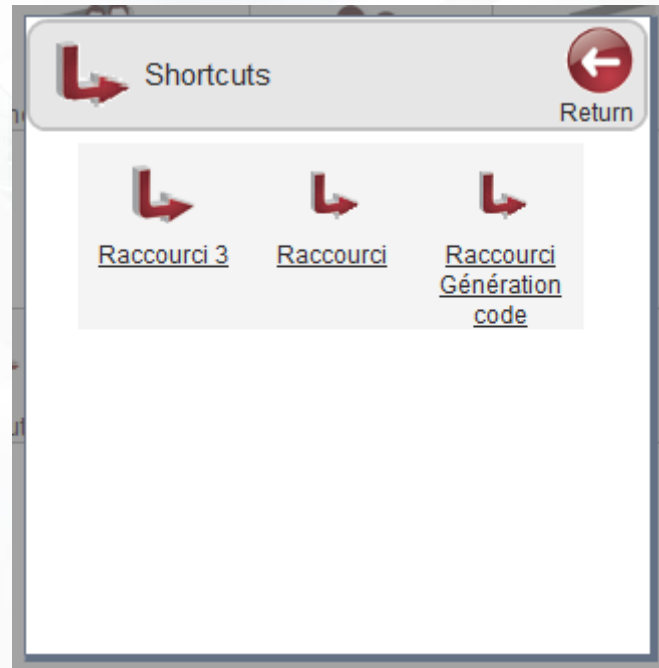

- In the sub-menu, you can access managers and logs

- Access the application's tools by clicking on the  button

- In the sub-menu, you can access preferences, companies, event settings, code generation (if the smartcode module is enabled)

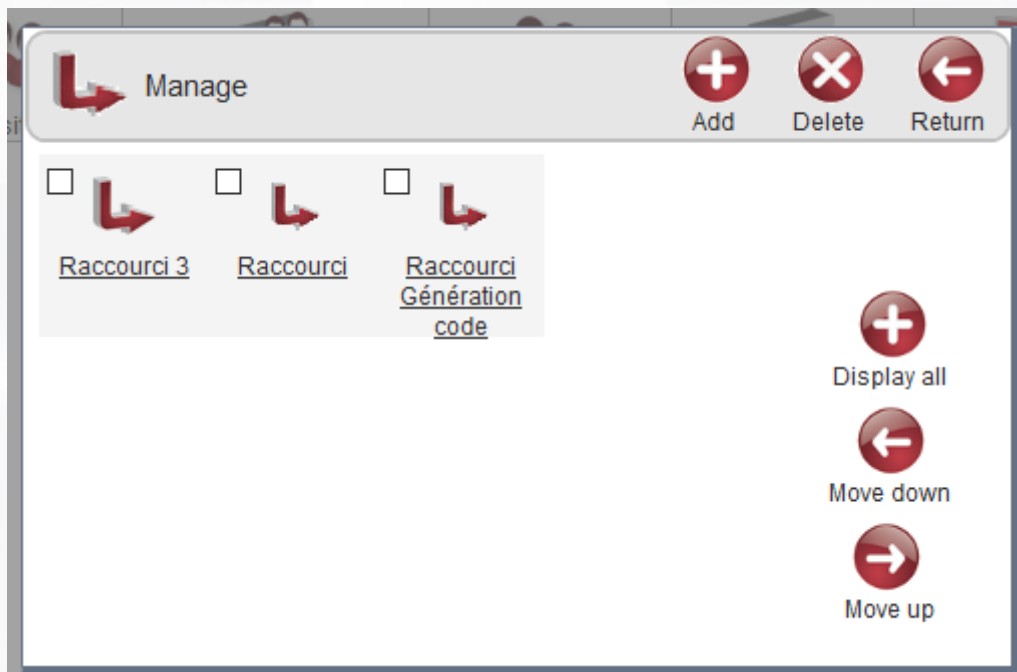

- Log out by clicking on the  button

## SHORTCUTS

From this window, you can:

- Run a shortcut

From this window, you can:

- Display the shortcut file
- Delete a shortcut
- Hide a shortcut
- Forward a shortcut
- Back a shortcut
- Display all shortcuts

**Add a shortcut** + ×  
Add Cancel

Label of the shortcut :  
Shortcut

From this window, you can:

- Configure a shortcut

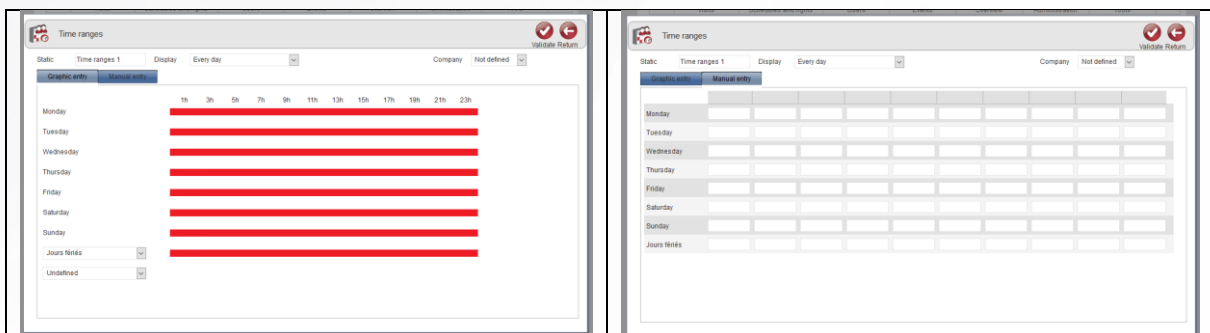

# TIME SLOTS

From this window, you can:

- Display time slots
- Create a time slot by clicking on the  **Create** button
- Delete a time slot by clicking on the  **Delete** button

Click on  **Create** to create a time period. The following window appears:

From this window, you can:

- Set a name for the time period

- Add various slots for each day
- Assign a company to the time period
- Delete a time slot

## SPECIAL DAYS

The screenshot shows the VAUBAN SYSTEMS SMART ACCESS CONTROL interface. At the top right is the logo for VAUBAN SYSTEMS. Below the logo is a navigation bar with icons for: Visits, Schedules and rights, Users, Events, Overview, Administration, Tools, and a power button. Below the navigation bar is a header for 'Special days' with 'Create' and 'Delete' buttons. The main content area is titled 'Special days list' and contains a table with two rows:

Special days list	
<input type="checkbox"/>	<a href="#">ex</a>
<input type="checkbox"/>	<a href="#">Liste 1</a>

From this window, you can:

- Display special days from a list
- Create a list of special days
- Delete a list of special days

Click on  to create a list of special days. The following window appears:

 **Special days**
