MOD-VISITEURS

PRODUCT INFORMATION SHEET

MANAGEMENT OF VISITOR ARRIVALS AND DEPARTURES

MOD-VISITEURS is an additional module for VISOR®. It enables:

- Streamlined and rapid management of visitor arrivals and departures
- Management of the visitor's length of visit
- Management of the validity period and the number of passes authorised during a visit
- booking a potential visit from a web page with VISOR® WEB.

KEY FEATURES

- ✚ Entering identity document data from a specific reader via USB connection
ref.: MOD-VISITEURS ID
- ✚ Ability to scan users' photos from their identity documents ref.: MOD-VISITEURS SCAN
- ✚ Management of codes, barcodes, QR codes and visitor badges
- ✚ Attendance time, validity period and customisable number of passes
- ✚ Sending visitor badges by e-mail
- ✚ E-mail notification of a visitor's arrival
